

Call Path Essentials

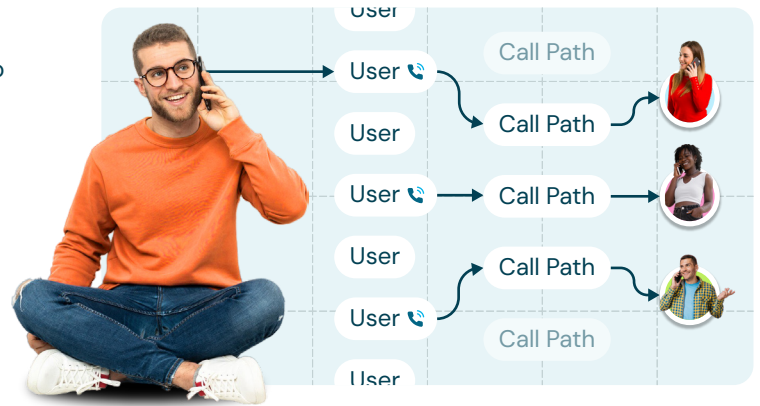

Share call capacity across users, bundled with 2talk's high-value features and strong security, all customized to suit your business.

Maximize Efficiency and Savings

With Call Path Essentials, you can scale your plan according to your specific business requirements. This flexibility translates into significant savings, as you're only paying for what you expect to use. Sharing call paths across multiple users further enhances efficiency and cost-effectiveness, making it ideal for businesses with teams of diverse needs.

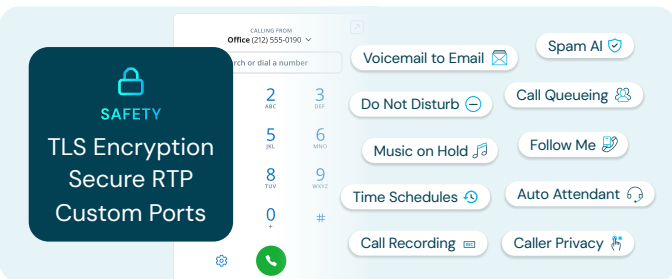

WHAT'S INCLUDED

- > Unlimited US Domestic calls
- > Unlimited calls to 35+ countries

Comprehensive Features with Superior Security

Every user on Call Path Essentials enjoys the robust features of 2talk's Cloud PBX, including Auto Attendant, Voicemail to Email, and Call Routing. Additionally, users have access to the complete UCaaS package, which includes calling, messaging, meetings, and more. 2talk ensures all is secure with advanced TLS encryption, Secure RTP, and Custom Port support. This means you can communicate with confidence.

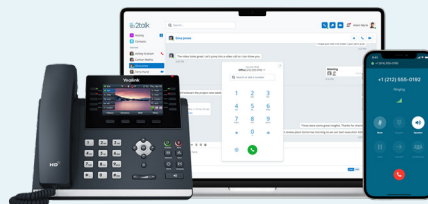

Perfect for Businesses of All Sizes and Varying Demand

Small to medium-sized enterprises with multiple branches can benefit from the shared line capacity while maintaining separate phones for each location. Similarly, remote teams can stay connected without the need for redundant lines, allowing for seamless communication and collaboration. Call Path Essentials adapts to your needs, providing a scalable, secure, and economical communication solution.

Works with all your devices.

No matter if you're rocking a smartphone, computer, or a traditional deskphone: 2talk helps you stay connected with your team and your customers.

Award-winning service.

2talk's award-winning service is trusted by 10,000+ people from businesses just like yours. Save up to 80% when switching, with no hidden charges or surprises.
